## PATRON

Her Excellency the Right Honourable Julie Payette, C.C., C.M.M., C.O.M., C.Q., C.D.,  
Governor General of Canada

## CODE OF CONDUCT AND ETHICS OF EQUESTRIAN CANADA

“We look to sport to impart something of moral and social values and, in integrating us as individuals, to bring about a healthy, integrated society.”

The Honourable Chief Justice Charles L. Dubin

### 1. Preamble

Equestrian Canada (“EC”) believes that:

- Equestrian pursuits are based on a relationship between horse and human.
- It is the right and responsibility of EC to set standards in matters of ethics, conduct, sportsmanship, the welfare of the horse, and in all matters under its jurisdiction.
- It is desirable to define ethical practices, to delineate unethical practices, to encourage good sportsmanship, fair play, safety and high ethical behavior and to warn, censure or bring to public attention and discipline those who commit acts detrimental to the best interests of its stakeholders.
- All Persons should observe the spirit as well as the letter of this Code of Conduct and Ethics policy.
- Membership and participation in its activities brings with it many benefits and privileges that are balanced by the Person’s responsibilities and obligations. This policy defines the parameters for these responsibilities and obligations, and thus identifies a standard of behaviour that is expected of all Persons.

### 2. Purpose

The purpose of this Code of Conduct and Ethics policy is to promote a safe and positive environment within EC programs, activities and events, by making all Persons aware that there is an expectation at all times of appropriate behaviour, consistent with EC values.

Conduct that violates the Code of Conduct and Ethics policy may be subject, after due process, to sanctions pursuant to EC’s disciplinary and complaints policies.

### 3. Application and Scope

This policy applies to a Person’s conduct during the course of EC business, activities and events, including but not limited to: work environment, competitions, training and education sessions, travel and meetings.

This policy also applies to conduct that occurs outside of EC’s activities and events when such conduct could adversely affect relationships within EC’s work and sport environment and/or could be detrimental to the image and reputation of EC.

All members of other National and Provincial/Territorial Sport Organizations must agree to be bound by the rules of EC while participating at EC-sanctioned competitions or events.

The Statement of Principles below is to be considered an interpretive guide in applying the Code of Conduct and Ethics policy.

#### **4. Definitions**

Throughout this policy, capitalized terms are defined as follows:

- a) “EC” means Equestrian Canada Hippique;
- b) “Equestrian” – any individual participating in equine and/or equestrian activities;
- c) “FEI” means the Federation Equestre Internationale, which is the international federation for equestrian sport;
- d) “Member” means a member of Equestrian Canada
- e) “Person” – means all classes of membership and registrants within Equestrian Canada, whether a body corporate, partnership, trust, unincorporated organization or an individual engaged in activities with Equestrian Canada, including but not limited to, all athletes, coaches, officials, persons responsible, competition organizers, volunteers, directors, officers, council and committee members, employees, consultants, and administrators of Equestrian Canada;

#### **5. Statement of Principles**

Equestrian Canada (EC), the national equestrian federation of Canada, supports adherence to the humane treatment of horses in all activities under its jurisdiction.

All Persons shall be committed to:

- upholding the welfare of all horses, regardless of value, as a primary consideration in all activities;
- requiring that horses be treated with kindness, respect and compassion, and that they never be subjected to mistreatment;
- ensuring that all Equestrians including owners, trainers and competitors, or their respective agents, use responsible care in the handling, treatment and transportation of their own horses as well as horses placed in their care for any purpose;
- providing for the continuous well-being of horses by encouraging routine inspection and consultation with health care professionals and competition officials to achieve the highest possible standards of nutrition, health, comfort and safety as a matter of standard operating procedure;

- continuing to support scientific studies on equine health and welfare;
- requiring owners, trainers and competitors to know and follow their sanctioning organization’s rules, and to work within industry regulations in all equestrian competitions; and
- actively promoting the development of and adherence to competition rules and regulations that protect the welfare of the horse.

The standard by which conduct or treatment will be measured is that which a person who is informed and experienced in generally accepted equine training and competition procedures would determine to be neither cruel, abusive, nor inhumane.

## 6. Responsibilities

EC is committed to providing a safe environment in which all Persons are treated with respect. Persons involved with EC must acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinate to competitive or commercial influences.

Every athlete and other person participating in the sport shall reasonably cooperate with the Canadian Centre for Ethics in Sport (CCES) or another anti-doping organization investigating anti-doping rule violations and a failure to do so may be the basis for disciplinary action within the sport.

- g) When an athlete has qualified for a training camp, provincial team, national team, etc., support the program, the applicable coaching staff and EC.

- h) Act in the best interest of the athlete's development as a whole.
- i) Recognize the power inherent in the position of coach and respect and promote the principles of fair play and the rights of all participants in sport.

## **8. Equestrians**

## THE EQUESTRIAN CANADA RULEBOOK

Knowledge of the rules of any sport is required of each participant, and the competitor at an EC-sanctioned competition must accept this responsibility. Both a complete knowledge of and compliance with the rules are essential, and all participants must be fully cognizant of all rules as well as particular class specifications in the discipline/breed sport in which they compete.

It is not possible to provide for every conceivable eventuality in these rules. If there is no rule to deal specifically with a particular circumstance, or if the nearest interpretation of the pertinent rule would result in an obvious injustice, it is the duty of those responsible to make a decision based on common sense and fair play, thus reflecting as closely as possible the intention of the rules and regulations of Equestrian Canada.

### Organization of the Rulebook

The EC Rulebook is divided into multiple sections, grouped by disciplines and breed sports. Section A covers general regulations that apply to all EC members, competitors, officials, owners, equines, organizers and persons responsible unless superseded in other sections of the Rulebook.

### Evergreen Rules Process

The Equestrian Canada rulebooks are updated annually, effective January 1<sup>st</sup>. The official rulebook will be as published on the EC website and may be amended as follows.

### Amendment of the Rules

It is the right of every sport [licensee](#) holder of Equestrian Canada to propose amendments to the rules, subject to the current policies, procedures and schedules. The deadline for Rule Change Suggestions (RCS) shall be May 31 each year in accordance with the procedures outlined on the EC Rule Change page. Suggestions will be reviewed by the appropriate discipline/breed sport EC committees who will consider all suggestions and put forward those they recommend as Rule Change Proposals (RCPs). RCPs will be posted on the EC website to allow for a 30-day review period. The EC committees will consider all comments and make any necessary revisions. Rule changes will be posted on the EC website in December to be effective January 1 the following year.

The amendment process will be strictly followed. Extraordinary rule amendments will be permitted only for FEI rule changes, safety, monetary, clarification, ethical and equine welfare reasons at the discretion of the National Rules Committee using the following protocol. Extraordinary rule amendments will be effective when published by EC on its official website. FEI Rules, applicable to EC-sanctioned competitions, are effective upon publication by the FEI.

### Extraordinary Amendment Process

- 1. Proposal** – An Extraordinary Rule Amendment (ERA) is composed by the EC discipline/breed committee, EC staff or National Rules Committee (NRC) with supporting rationale.
- 2. Authorization** – The applicable discipline or breed committee must authorize each ERA, note it in their minutes and forward it to the NRC.
- 3. Approval** – The NRC is responsible for confirming the ERA criteria (FEI rule change, safety, monetary, clarification, ethical or equine welfare) have been satisfied
- 4. Posting** – EC will translate and post the amendment and show changes to both change visible and clean copy online Rulebooks. The amendments display the date of the

NRC approval for consistency.

5. **Effective** – An ERA is effective when published on the EC website. The file reference shall retain the original approval date.

### **Interpretation of the Rules**

Please read all cross-references carefully and refer to the EC website for rule changes and/or clarifications. Should the English and French versions differ, the English version shall prevail. In the case of conflict between General Regulations and the regulations of the disciplines/breed sports, the discipline/breed sport rules will prevail.

# CHAPTER 1

## INTRODUCTION

### ARTICLE J101 PREPARATION OF REGULATIONS

EC has prepared the following rules and regulations. Every effort has been made to write this document in a language that is clear and concise. The regulations are written to provide specific legal details using the principles of plain language.

While EC assumes that most participants are responsible and caring, it is recognized that this highly competitive and demanding sport requires regulation. EC's concern in establishing rules and regulations is to ensure that at all times the welfare of the horse is of paramount importance and must never be subordinated to competitive or commercial influences.

These regulations must be read and complied with in conjunction with Equestrian Canada General Regulations and Veterinary Regulations. It is not feasible to include every possible situation in these rules. In any unforeseen or exceptional circumstances ride management and ride veterinarians may make a decision in a sporting spirit and to the best intention of these rules and the individuals affected.

For the purpose of this document the word "horse" is used and is meant to include any member of Genus Equus.

### ARTICLE J102 CODE OF CONDUCT AND WELFARE OF THE ENDURANCE HORSE

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farrier work, tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. Mares must not be pregnant and there must be no misuse of aids or medication; recent surgical procedures; or a recent occurrence of a fall or injury that may compromise the welfare or safety of the horse or rider..
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety, and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed, and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia, and retirement.
5. EC urges all involved with the sport to attain the highest levels of education in their areas of expertise.

### ARTICLE J103 SAFETY OF INDIVIDUALS

1. Protective headgear is required at all times while mounted at the event location as stipulated in Article A905.2.  
Protective headgear must be:
  - a) approved by an accredited certification organization as outline in the Glossary, Section A under *Headgear Standards*;
  - b) properly fitted; and
  - c) securely fastened by a safety harness permanently affixed to the [helmetheadgear](#).

2. Any competitor may wear protective headgear in any division or class without penalty from the judge.
3. EC makes no representation or warranty, expressed or implied, about any protective headgear. EC cautions riders that serious injury or death may result despite wearing such headgear, as all equestrian sports involve inherent risk, and no protective headgear can protect against all foreseeable injury.
24. The use of safe riding footwear with heels of 12 mm or more, or alternatively caged/boxed stirrups/equestrian safety stirrups is strongly recommended for all persons at the event location while mounted.

**ARTICLE J104 SPORT LICENSELICENCE REQUIREMENT  
EXEMPTION FOR NON-CANADIANS**

Endurance entry exemption in addition to Article A214 – Exemptions - EC Sport LicenseLicences:

1. All Foreign Competitors (owners, lesser, agents or trainers) are not required to hold EC Sport LicenseLicences provided they are members in good standing of another national federation recognized by the FEI. (See A214).
2. Grooms/Crew: An EC Sport LicenseLicence is not required by persons acting as grooms/crew who assist a competitor in an endurance event or championship.

## CHAPTER 2 THE COMPETITION

### ARTICLE J201 INTRODUCTION AND DEFINITION GENERAL

A competition to test the speed and endurance ability of a horse. To be successful, the competitor must have knowledge of pace and efficient and safe use of the horse across country.

#### 1. Distance

- a) An endurance ride must be a minimum of 80 kilometres (nominally, 50 miles) per day up to a maximum distance of 240 kilometres (nominally, 150 miles) in three days, or 400 kilometres (nominally, 250 miles) in five days. No single day ride distance will be greater than 160 kilometres (nominally, 100 miles).
- b) Events of 60 kilometres or less will be considered provincial events, and will be run under provincial/regional rules. These Endurance rules must include, at a minimum:
  - (i) Horse must be at least 48 months of age
  - (ii) There must be a pre, mid and post ride vet check
  - (iii) Horses must pulse down to pre-set criteria within 30 minutes of arriving at the vet check and at the finish criteria.
  - (iv) Total ride time (including any holds) must be at least 6 hours

Mileage will be tracked for these events when the competitor holds an ~~Endurance Affiliate membership with their~~ EC Sport ~~License~~Licence.

#### **Regarding FEI Novice Qualification (Art 816.1 of the FEI Endurance Rules)**

which states “Horses and Athletes must, though not necessarily as a combination: Successfully complete 2 rides of distances between 40 – 79 km and 2 rides of distances between 80 – 90 km at speeds of 16kph or under.”

The only rides of 40 km that will be accepted for FEI Novice Qualification for Canadian horses and athletes will be rides organized under EC Endurance Rules and/or rides organized by another organization or NF that follow similar rules with minimum criteria as set out in section (b) above of the EC Rules.

In addition, in-keeping with competition that is mindful of the welfare of the horse, and since Novice Qualification rides fall under National Federation observance even if they are not organized under Equestrian Canada; Canadian horses must observe a minimum rest period between FEI Novice Qualification rides as follows:

Start to 40Km – 5 days

41Km – 80Km – 12 days

81Km – 90Km – 19 days

The total rest period commences at Midnight at the end of the day that the ride finishes (24.00 hours), as denoted by the maximum ride time allowed, and finishes at the same time on the last full day of the rest period. The published ride start time of the horse’s next ride must fall after the expiry of the rest period.

Listed kilometres	4% Grace kilometre	Listed miles	4% Grace miles
80 Open	77—83	50	48—52
100 Open	96—104	60	57—63
160 Open	154—166	100	96—104
240 – 3 days Open	230—250	150 – 3 days	144—156
400 – 5 days Open	384—416	250 – 5 days	240—260

## 2. Phases

The competition consists of a number of phases. At the end of each phase there will be a compulsory halt for veterinary inspection. The head veterinarian should be consulted on the distance of each phase and the hold times in each Vet Check.

## 3. Age and Breed of Horse

An endurance ride is open to any breed or type of horse. The horse must a minimum age of 48 months at the time of the ride for distances below 80 km (below 50 miles) and 60 months at the time of the ride for all distances 80 km (50 miles) or greater. Age is calculated from actual date of birth. Where there are no horse papers available, a ride veterinarian’s opinion and discretion must prevail.

## 4. Ride Sanctioning

Sanctioning requests for all events must be received by Equestrian Canada for approval at least 60 days before the date of the event.

- a) EC’s endurance event season runs from December 1st through to November 30<sup>th</sup>.
- b) For additional information on sanctioning and competitions, refer to Section A – General Regulations.

## 5. Ride Results

Ride results must be reported to Equestrian Canada within 14 days of the event and be accompanied by all the applicable fees as per the Schedule of Fees. All collected medication fees must be submitted to Equestrian Canada or its designate within 30 days of the event.

## 6. National Event Definition

Regarding National Events (Art 815.3.1 of the FEI Endurance Rules), which states “After competing in a CEI or National Events, a Horse must be given a mandatory minimum rest period, as defined, before it is again eligible to participate in a National or FEI Competition.” Events of 80 kilometres or more that are organized under Equestrian Canada Endurance Rules and/or organized by another organization or NF that follow similar rules will be considered “National Events” for the purpose of calculating rest periods for Canadian horses.

## ARTICLE J202 COURSE AND MAPS

Ride management will create a course across country. Ride management should attempt to implement technically challenging factors including, but not limited to: changes in footing, terrain, altitude, direction, and width of the trail.

It is customary for ride management to provide each competitor a map or plan

showing the track of the course and the location of any compulsory halts or obligatory hazards.

**1. Marking of the Course**

The marking of the course must be done in such a manner that there is no doubt on how to proceed along the course. The markings can be flags, ribbons, indicators, lime, paint, etc. Direction flags or signs are intended to show the general direction to be taken and to help competitors to find their way. They must be placed so that competitors can recognize them without loss of time.

Competitors must complete the entire course in the direction as marked. Any error of course must be corrected from the place where the error began, or the competitor risks elimination.

When riders will be required to ride in the dark, ride management must clearly mark critical areas of the trail with glow sticks and/or reflectors, ensuring all corners, intersections, and hazardous areas are marked.

**2. Trail Flagging**

Trail flagging, or any other acceptable indicators, must be used to mark defined sections of the entire course, to define the hazards, and to mark the start and finish lines. The flagging and/or indicators must be respected wherever they may occur in the course under penalty of disqualification (unless the competitor corrects himself/herself). Whenever a short cut is possible on the course ride management is advised to place a volunteer to control the area that the obligatory passage is respected.

**3. Start and Finish**

The start and finish of each phase must be clearly and distinctly marked with the appropriate signs.

**4. Hazards**

A hazard is a naturally occurring obstacle such as ditch, steep climb, descent, or water crossing and is not something constructed to add an additional technical challenge to the course. A hazard is considered as such only if it is adequately identified and signed.

A competitor in difficulty during the course or before a hazard, who is about to be overtaken by a following competitor, must quickly clear the way. Willful obstruction of an overtaking competitor is penalized by disqualification.

If possible, and within the margins of safety, the hazards must be left in their natural state. If possible, a hazard should be reinforced so it remains in the same state throughout the competition.

**5. Access to Course and Outline of Hazards**

- a. It is customary for competitors to receive a map from ride management when the course is finalized, preferably at the ride briefing and certainly before the start of the ride.
- b. The course of an endurance competition will be officially established at least a week before the competition begins.
- c. All hazards and indicators that have to be observed by competitors must be exactly in position the day before the competition. Thereafter, they may not be moved nor altered by competitors under penalty of disqualification.
- d. Ride management must hold a ride briefing before the start of competition. Ideally, this should be held the day before the competition.

## **6. Modifications to the Course**

After the course has been officially established, no alteration shall be made without the knowledge and approval of ride management in consultation with ride and/or head veterinarian(s). The setting of veterinary parameters, including but not limited to hold times, and heart rate and respiration, shall be determined by the ride and/or head veterinarian(s). Heart rate shall be set according to the conditions on ride day but in any case, at no lower than 56 BPM and no higher than 64 bpm. Since the ambient conditions are of prime concern in the setting of parameters, these parameters should not be finalized more than 24 hours before the ride start. In exceptional circumstances, such as heavy rain or hot weather which can make any hazard or parts of the course impractical, unfair, or dangerous, ride management is authorized to reduce the severity of or bypass such hazards or such parts of the course, or to reduce the distance. If necessary, either before the start or during the competition, the competition may be postponed or cancelled by a decision of ride management. In such cases, the riders should be officially and personally informed of the decision before the initial start or before the start of the phase concerned.

### **ARTICLE J203 START**

1. The start and finish lines should be clearly marked with the appropriate signs.
2. All riders and mounts must be present and accounted for at post time and must start within 15 minutes of the stated start time of the ride.
3. A timer records the number or identity of each starter before the horse passes the start line. Starters are recorded throughout the ride, including horses eliminated at veterinary checks.
4. Horses must not cross the start line before the signal is given.

### **ARTICLE J204 DISTANCE**

A competition must be at least 80 kilometres in length per day, up to a maximum distance of 400 kilometres (250 miles) in five days. No single day event will be less than 80km.

Points and kilometres will be awarded according to the mileage for which the ride is sanctioned (refer to Chapter 3, Article J308). The exception to this policy is the case where an emergency forces a last minute trail change, in which case points and mileage are awarded according to the actual mileage reported to EC. A change in mileage and/or ride results certified by an EC official may be mandated by EC Endurance Committee.

1. Rides are sanctioned for a certain number of kilometres.
2. See Article J201.1 for mileage chart and grace percentage.
3. A competition which is sanctioned for more than one distance (such as a an 80 kilometre and a 160 kilometre held over the same course at the same time) have the option of allowing riders to “elevate” from one ride into the other, subject to the following restrictions:
  - a) The rider may only elevate from a shorter distance into a longer distance.
  - b) The rider may elevate only once.
  - c) Upon elevating, the rider is no longer considered to be a starter or a finisher in the shorter ride.
  - d) The rules on reduced Bonus Points for rides with fewer than eleven starters apply.
  - e) Elevator rides must be indicated on the sanction application and advertised as such. The rider must state which mileage he/she will enter if a multiple mileage ride; e.g., 80 kilometre, 160 kilometre, or 250 kilometre. A rider

who elevates is eligible for completion only.

- f) If the start times are not the same, elevating riders must have the time limits described in Chapter 2, Article J205, applied to their original ride's starting time.

### **ARTICLE J205 TIME ALLOWED**

There is no minimum time limit for completion. In all endurance competitions, ride management must establish a maximum riding/completion time, which means the time from start to finish of the ride, including all stops, checks, and holds, and within which competitors must complete the ride to qualify for placing or completion, based on the following prescription. Whatever the order and rules for starting, each competitor carries out the whole competition as if he/she was alone and competing against the clock.

Unless stipulated otherwise, competitors are free to choose their own pace between the start and finish of each phase of the competition. They may lead or follow their horse.

If the conditions of the course or other considerations that might adversely affect the ride, ride management may establish a maximum time for a section of a phase of competition and the closing times for the vet gates.

Under normal conditions, maximum competition time will be according to the following prescription:

80 kilometre (50 miles)	= 12 hours
96 kilometre (60 miles)	= 14 hours 30 minutes
120 kilometre (75 miles)	= 18 hours
160 kilometre (100 miles)	= 24 hours

In the case of two-day 160 kilometre (100 mile), three-day 240 kilometre (150 mile), and similar events, the total completion time allowed is based on daily mileage. The time allowed for each day of a multi-day ride is that which is allowed for an equivalent one-day ride according to the above chart. Any extra time cannot be carried forward to the next day's ride.

1. Riding time is the time used by the competitors to complete the course, excluding all hold times, and is the time used for EC ride results.
2. All riders must be notified in writing of cut-off times no later than the pre-ride meeting.
3. A competitor who does not respect any given time limits will be penalized by disqualification.

### **ARTICLE J206 TIME-KEEPING**

As timing plays such an important part in the competition, ride management will ensure that each competitor's start and finish time for each timed phase is accurately noted and recorded by properly qualified persons using synchronized chronometers.

1. Each competitor will be issued a time card.
2. Time keeping system and/or timekeepers are required at the start and finish of each timed phase to record the times of each competitor and to insert the times on the time cards.
3. Time is counted from the instant the starter gives the signal to start
4. The Open Division stops instantly when the competing horse crosses the finish line. The time is counted in whole seconds, parts of a second counting as the next whole second.

## **ARTICLE J207 ELIMINATIONS/DISQUALIFICATIONS**

A competitor and/or his/her horse who is eliminated or disqualified for any reason must leave the course at once and has no right to continue unless there is no viable alternative. A horse that constitutes a clear danger to other horses and/or persons may be disqualified, at any time, from competition by the ride manager or ride veterinarian. The rider must inform ride management or a timekeeper if and when the rider leaves the course/trail for any reason.

All horses that are eliminated, excused, rider optioned, or do not complete the course and final fit-to-continue examination for any reason, **MUST** be examined by a veterinarian and released from the site for travel before they are loaded for departure.

## **ARTICLE J208 ASSISTANCE ON COURSE**

Outside assistance during the course is only allowed in order to help the competitor to water, feed, electrolyte, and wash down the horse. Ride management may indicate that the above-mentioned assistance may only be given at specific places that will be indicated on the map to be available to competitors. Competitors may be assisted to adjust their equipment and to remount, or they may be handed anything they require (water, food, equipment). The use of mobile phones, or two-way radios is permitted, as are Global Positioning Systems (GPSs), and heart rate monitors.

1. Before the start and after the finish and at compulsory halts or veterinary inspections, it is permitted to assist competitors and to attend their horses (grooming, water, etc.).
2. In any case, for example after a fall or if the competitor is separated from his/her horse, or in the case of loose or lost horseshoes, the competitor may be assisted to recover his/her horse, to replace the shoes and to remount, or the competitor may be handed any part of his/her equipment while he/she is dismounted or remounted.
3. In cases of doubt, ride management will make the final decision and this decision is not subject to appeal.
4. On the course, no other person may lead or ride the horse once the competitor has started except to return a loose horse to the competitor.

## **ARTICLE J209 FORBIDDEN ASSISTANCE**

Any outside assistance other than stated in Article J208 is forbidden under penalty of disqualification. Any intervention by a third party, whether solicited or not, with the object of giving advantage to the competitor or his/her horse, is considered forbidden assistance. In particular the following is forbidden:

1. To be followed, preceded, or accompanied on any part of the course by any vehicle, bicycle, pedestrian, or horseperson not in the competition. The single exception is for junior riders on the last loop, when there are no other sponsoring riders available. In this case, junior riders may, with TD approval, be accompanied by a person not entered in the competition. Only to be applied if Junior not riding under J307.1b
2. To cut wire fences, to dismantle a part of an enclosure so as to clear a way or to cut down trees.

## **ARTICLE J210 CRUELTY**

The abuse or inhumane treatment of a horse by an individual Sport [License](#)[Licence](#) holder or other person at an EC-sanctioned competition shall not be tolerated under any circumstances see A517 in the General Regulations.

## CHAPTER 3 RIDE DAY

### ARTICLE J301 ROLE OF VETERINARY CONTROL JUDGES

Horses must be under the control of Veterinary Control Judges) experienced with horses and endurance events.

1. The ride must employ at least one Veterinary Control Judge whose services will be exclusive to that event, pre-ride, during the ride, and post-ride (at least one ride Veterinary Control Judge must be at the ride site for at least one hour after the last horse crosses the finish line or has returned to ride camp).
2. The most current version of EC's Endurance Ride Manager's Handbook, EC's Endurance Veterinary Handbook, EC's Regulations must be provided by EC to the ride manager. These materials must be provided to the Veterinary Control Judges by the ride manager before the ride, and must be available for reference at the ride.
3. Veterinary Control Judges are veterinarians employed by ride management to monitor the horses and counsel riders and ride management on equine welfare as well as to uphold EC Regulations. Veterinary Control Judges must ~~be an EC Endurance affiliate, and~~ hold a Bronze Equestrian Canada ~~license~~licence or equivalent recognized by Equestrian Canada. A veterinarian who is supplying treatment only, is not required to hold such ~~license~~licence.
4. A veterinarian who is serving as ride manager of an Equestrian Canada-sanctioned event is prohibited from serving that same event as a Veterinary Control Judge.
5. Each horse will receive a substantive physical examination of metabolic and mechanical parameters before the ride, at control points within the ride, and after the ride. All Equestrian Canada-sanctioned rides must use an EC-approved rider card.
6. The Veterinary Control Judges' decisions regarding disqualification must be final and ride management must stand behind the Veterinary Control Judges' decisions.
7. A ride manager may not overrule a Veterinary Control Judges decision on a veterinary matter.
8. A horse that is disqualified by the Veterinary Control Judges must not continue. This practice by a rider is considered grounds for barring that rider from future rides. The rider must inform ride management or a timekeeper if and when the rider leaves the course/trail for any reason.
9. The rider/owner of a horse that is disqualified by a ride Veterinary Control Judge should be notified immediately by that veterinarian or the ride manager.
10. Management must be confident that there is complete understanding with the Veterinary Control Judges regarding heart rate and respiration criteria, any other disqualification criteria, and particularly post-ride criteria for completion.
11. The setting of veterinary parameters, including but not limited to heart rate and respiration shall be determined by the head Veterinary Control Judge. Since the ambient conditions are of prime concern in the setting of parameters, these parameters should not be finalized more than 24 hours before the start of the ride. The heart rate for the Ranked Novice shall be 56 beats per minute.

12. The horse must recover to the pre-set veterinary heart rate criteria and pass the veterinary evaluation within 30 minutes after arrival at ALL VET GATES and the finish line. A horse not meeting parameters within 30 minutes will be disqualified
13. All veterinary control checkpoints must be staffed by a Veterinary Control Judge who will provide the required control. The type of checkpoint and duration of the hold will, in all cases, be designated by the head veterinarian. It is recommended that all checkpoints be of the “gate into a hold” type.
14. Horses that are treated or die at rides shall be reported on a form with ride results to be completed by the ride Veterinary Control Judge and submitted with ride results. This information will be kept permanently on file at the Equestrian Canada office.

## **ARTICLE J302 MEDICATION CONTROL**

~~See Section A - General Rules and Regulations, Chapter 10 - Equine Medication Control, with special attention to Article 1003.4. Endurance horses must compete entirely on their natural ability. The integrity of any endurance competition requires that the horse is not influenced by any drug, medication, or veterinary treatment. The use of any substance or method that has the potential to harm the horse or to enhance its performance is forbidden.~~

~~1. Equestrian Canada sanctioned rides are subject to drug testing by Equestrian Canada. Riders and owners of horses entered in Equestrian Canada sanctioned events grant authority for their horses to be tested by virtue of their entry into the ride. The Person Responsible will be liable for all penalties and suspensions in the event of a certificate of positive analysis. Please refer to the drug classification scheme and the schedule of fines and penalties available on the Equine Medication Control webpage.~~

~~2. In the event of a certificate of positive analysis, the rider and the horse are automatically disqualified. If the disqualified horse and competitor are members of a team, the rest of the team is not automatically disqualified.~~

~~For additional information on Equine Medications Control, see Equestrian Canada, Section A - General Regulations, Chapter 10.~~

## **ARTICLE J303 RIDE ENTRIES**

Ride management may limit the number of competitors provided that prior publicity states the limitation and that all spaces and vacancies are filled on a first-come, first-served basis.

Entry to (or subsequent expulsion from) a ride may be refused for just cause. Cause is defined as a specific occurrence, substantiated by direct and corroborated evidence of, including but not limited to, one of the following:

1. Non-payment of ride fees, such as insufficient funds check not made good.
2. Abuse of a horse, such as drugging or continuing to ride after being disqualified without the specific permission of a ride veterinarian.
3. Abusive harassment of ride personnel, other riders or crews, such as arguing with the veterinarians, breaking the line at vet gates, or deliberately blocking other riders on the trail.
4. Removing or altering trail markers..
5. Cheating, such as deliberate short cuts or deliberately leaving timed holds early.
6. A horse determined to be unruly or dangerous may be denied entry.
7. Cause might also be determined by the Board or one of the National sub-committees of Equestrian Canada and/or the EC Endurance Committee.

## **ARTICLE J304 COMPLETION**

### **1. General Criteria**

- a) All riders and mounts must be present and accounted for at the start of the ride
- b) Properly entered in the ride

- c) Obeying all the rules
- d) Following the prescribed course, and doing multiple loops in the correct order
- e) Passing all control points
- f) Passing vet check requirements.
- g) Finishing within the prescribed maximum time
- h) Not being disqualified
- i) Meeting criteria at post-finish-line check
- j) Meeting any other criteria prescribed by ride management
- k) Not having been paced or prompted by an un-entered, withdrawn, or otherwise unauthorized equine, vehicle, or a person other than another entrant. This does not preclude the ordinary support services of attendants or pit crews. A crew may accompany their rider down a public road in a support vehicle (unless there is a ride management prohibition against it) provided they do not push or haze the horse.

## 2. **Veterinary Criteria**

A competitor must pass all veterinary criteria for completion; a competitor who fails any of the other completion criteria should be pulled from Top Ten placing but may be allowed a completion, if in the opinion of ride management, the violation was not intentional and did not result in making the course easier or shorter.

Each Equestrian Canada-sanctioned ride must have a post finish-line vet examination that the horse must pass for a successful completion. The criteria will be announced before the ride. Refer to Section 3.1.m., and the following:

## 3. **Post-Finish-Line Veterinary Criteria**

The post-finish-line vet examination is where the final criteria for completion must be met. A horse is not considered to have completed the ride until it has passed this final inspection. The post-finish-line vet examination also serves as a safety check to monitor for late-developing problems (so that they can be treated if necessary) as well as extending veterinary control over the last leg of the ride.

The minimum criteria for the post-finish-line vet check are as follows. Ride management may adopt more stringent criteria, but these must be provided to competitors before the ride in written form. All riders who successfully complete the ride and pass the following post-finish-line veterinary criteria below must receive a completion award.

- a) All horses must stand a mandatory post-ride evaluation within 30 minutes of its finish. Riders may present their horses for the final examination at a time of their choosing during the 30-minute period. A horse that does not meet the established criteria, including heart rate criteria, within 30 minutes of crossing the finish line will be disqualified.
- b) Once a competing horse has passed the post-ride examination, it may not be removed from completion for veterinary reasons. Respiration should be evaluated on its own merit. Ambient temperature and humidity effects need to be recognized and their effects on respiration rate are considered.
- c) The horse must be metabolically stable, sufficient to demonstrate fitness to continue.
- d) There will be no gait aberration that is consistently observable under all circumstances that results in pain or threatens immediate athletic performance. This examination will be conducted at a trot, or an equivalent gait, straight out and back, without prior flexion or palpation.
- e) Soreness, lacerations, and wounds on the limbs and body—including the mouth—must be noted on the veterinary examination card. Lesions that are aggravated to a degree that affect the horse's ability to continue may be a cause

for failure to complete the ride. It must be recognized by veterinarians that lesions caused by tack and interference may be from mild to severe and need to be evaluated on their own merit.

- f) Evaluation of other monitoring parameters must indicate the horse is not in need of any medical treatment. It must be borne in mind that heart rate, respiration, and soundness are but three of the important parameters considered in the state of condition evaluation.
- g) The horse may not have received medical treatment by veterinarian or layman before the final examination. When a ride veterinarian advises that a horse should be treated for a metabolic or soundness problem, but that treatment is refused by the rider or owner, this shall be considered as a treated horse and will be disallowed a completion.

#### **4. Placements and Ties**

Equestrian Canada does not accept ties.

#### **5. Recording of Points and Membership**

EC will record points and mileage. Points are calculated on the basis of actual finishing positions ~~regardless of whether other competitors are EC Endurance affiliate members or not~~. Horse and rider must be EC sport licence holders ~~with Endurance affiliation~~ before the Equestrian Canada-sanctioned event in order for the rider to receive points and the horse to receive mileage.

EC sport licences ~~and Endurance affiliation~~ must be submitted by January 31 of each year.

- a) Renewing members whose dues are not paid by February 1st will receive no points or kilometres for rides held between November 1st and the date their membership is restored.
- b) Horses and riders must be registered with EC in order to receive horse and rider points.
- c) Horse points cannot be recovered, but the kilometres (mileage) may be recovered by payment of fees established by EC.
- d) A new member will be able to obtain mileage (miles) credit for kilometres ridden before the date of joining by payment of fees established by EC. Career mileage credit applies only to ~~endurance affiliate~~ EC sport licence holders in Equestrian Canada-sanctioned rides, and ~~Endurance affiliate~~ EC sport licence holders (and their own horses, if applicable) who have participated in FEI rides or endurance rides in a foreign country of at least 80 kilometres (50 miles) in length and sanctioned by an EC recognized organization.
- e) The member registering the horse for EC purposes need not be the registered owner of the horse. In the event of a dispute of ownership, proof of ownership will govern.

### **ARTICLE J305 DIVISIONS**

In EC endurance competition there are two divisions (Senior and Junior [refer to Chapter 3, Article J307]) based on the age of the rider.

### **ARTICLE J306 JUNIOR COMPETITORS**

- 1. Junior competitors as defined in Section A Glossary are classified as follows:
  - a) J1 - junior competitors less than 14 years of age must be accompanied at all times by a competent adult sponsor throughout the competition.
  - b) J2 - junior competitors 14 years of age to the end of the calendar year in which they reach 16 years of age may ride unaccompanied by a competent adult sponsor

provided each of the following conditions are satisfied prior to the unaccompanied ride:

- (i) consent of J2's parent or guardian;
  - (ii) consent of the applicable organizing committee; and
  - (iii) successful completion of a minimum of three 40km and three 80km EC/AERC sanctioned rides as a sponsored J1.
- c) J3 - junior competitors 16 year of age as of January 1<sup>st</sup> of the current calendar year to the end of the calendar year in which they reach 18 years of age are not required to ride accompanied by an adult sponsor and are not eligible for points in the Junior Division.
2. The sponsor of a J1 must be entered as a competitor in the event and sponsorship of a J1 must be documented on the junior entry form complete with the sponsor signature at the time sponsorship begins.
  3. An infraction of the sponsorship shall result in the disqualification of the sponsor and/or junior.
  4. Junior riders wishing to participate in an EC endurance competition must have the written consent of a parent or guardian. This consent shall imply:
    - a) Acceptance of all EC regulations, particularly the ability of a junior to substitute a sponsor during a ride as allowed by EC regulations.
    - b) Prior consent to any emergency medical treatment or aid.
  5. Junior and sponsor must ride together at all times, including entering and leaving all vet checks simultaneously; the only exception being that at the finish line a junior may finish within the same minute or within the one minute on either side of the sponsor's finishing minute.
  6. Junior and/or sponsor normally may suspend their sponsorship agreement only at regular stated checks and then only with the knowledge and consent of ride management, and management's documentation of the change when it occurs.
  7. Sponsorships may change between checks only in the event that either competitor or either competitor's mount is unable to continue safely to a checkpoint.
  8. In the event of an emergency and in order to remain in competition, the junior who is in last place and whose preregistered sponsor is pulled, and there are no other qualified sponsors to follow, the junior may, with ride management and ride veterinarian approval, be sponsored by a qualified rider who is not entered in the competition, through the completion of the ride. The junior would receive last place junior points. This emergency sponsor will receive no credit for mileage or points. The junior may also be sponsored by an adult on foot from the last veterinary check with the approval of ride management.
  9. EC endurance points must be submitted and recorded as per the above regulations independent of ride management's local ride regulations governing junior and senior riders.

#### **ARTICLE J307 POINTS**

Points are awarded based on .625 per kilometer and bonus points for top ten and longer distances.

#### **ARTICLE J308 BEST CONDITION AWARD**

##### **1. Criteria**

In each endurance ride, an award may be given to the horse judged to be in the Best Condition. All of the first ten finishing horses are eligible for Best Condition consideration, whether ridden by Junior, Featherweight, Lightweight, Middleweight, or Heavyweight riders. Use of the EC's Endurance Best Condition system is optional with ride management. The award does not have to be given,

particularly if the veterinarian(s) feel that none of the horses in contention are deserving of the award.

- a) Only horses selected as Best Condition using this system (with Best Condition forms returned along with the ride results) are recognized by EC.
- b) If desired, rides have the option of giving other Best Condition awards other than the EC Best Condition.
- c) EC recognizes only one Best Condition horse at any one ride.
- d) The ride veterinarian(s) is the sole judge of the veterinary portion of the award.
- e) Ride management determines the weight and time portion of the awards.
- f) In the event of a tie (Best Condition score), the horse among those tied with the highest veterinary score will be the winner. If there is still a tie, the horse among those still tied that finished ahead of the other(s) will be the winner.

## **CHAPTER 4 PROTESTS AND APPEALS**

### **ARTICLE J401 PROCEDURE**

In the event of an alleged infraction of the statutes, bylaws, regulations, or common principles of behaviour, fairness, or accepted standards of sportsmanship, whether occurring during or in connection with an Equestrian Canada-sanctioned event, decision or process, a protest may be lodged using the Protest and Appeals procedures as laid out Chapter 12 – General Dispute Resolution and Protests at EC-Sanctioned Competitions.
